Stuckmeyer's Gift Certificates are Available

Gift Certificates are available for that "hard to buy for person" who loves to garden. We also have giftware and a large assortment of potted containers. Stop in and see what is happening at Stuckmeyer's. We have been busy getting things ready for this Spring!

Spring Is Finally Here!...

Everyone at Stuckmeyer's is busy again this year trying to get everything ready for Spring planting. Looking at last year's newsletter we said it had been cold and wet, well this year is completely the opposite. It has been above normal in temperature and really not much rain. This has gotten everyone off to an early start. According to the weather forecast it looks like it is going to stay warm. BUT, everyone still needs to be aware that there is a full moon on the 28th of April.

Good chance for some frosty nights. The flowers are beautiful this year. Everything is growing so well.

Did you know that Stuckmeyer's grows the majority of their flowers and vegetable plants? All the vegetables that Stuckmeyers plant in the fields are the same that are sold in the greenhouse. We strive to have the best plants to grow in our fields and we want our customers to expect the same.

And finally flowers, we have a large selection of hard to find varieties of flowers that are new to the commercial greenhouse market. Every year our seed salesmen help us to pick new items to add to our selection of flowers. So make sure to take a stroll through our greenhouse to see what is new.

We hope everyone comes out to the seminar this weekend. Take a trip through the greenhouse to see what is new!

Come out and Join our Gardening Seminar– "How Does Your Garden Grow"

This will be our eighth year to hold the Gardening Seminar. This year the staff of Stuckmeyer's will be conducting the seminar. This year's topic will be on "How does your Garden Grow." This talk will be on how and when to plant your vegetable and flower gardens. So often we have many questions on when and how to plant the garden. Not

that we have all the answers, but can be of some help. There is usually a small window on when planting should take place. We can help give the general basics on starting a garden.

Also, during the seminar the staff of Stuckmeyer's will show what is new for this year. If you have never made it to a seminar, there is

always a tip or two that can be picked up. Plus many questions are discussed from those in attendance. The seminar will be held Saturday, April 24th starting at 1:00 pm. Refreshments, door prizes and discounts will be available during the seminar. Please join us and bring a friend. This should be very informative and enjoyable for everyone that attends!

Back by Popular Demand– Kid's Day

Dads - bring the kids out on Saturday, May 8th to design and plant a free Mother's Day container for your special someone. All supplies, including the card are furnished by Stuckmeyer's for FREE!

The staff at Stuckmeyer's will be available to assist the kids planting the containers. Last year we had over 750 kids that enjoyed decorating their very own specially designed pot.

This is always a very popular event; hope to see all of you.

A tent will be setup for this special event. Hours for this event are 10:00 am to 3:00 pm.

Yes-we are opening the market earlier than usual. It seems, our customers are ready for fresh fruits and vegetables. Coming soon we will have our own lettuce, green onions, radishes, and asparagus. Soon after our strawberries will be in.

Stuckmeyer's Farm Market is just like having a farmer's market 7 days a week. No need to wait for the weekend to go to the farmer's market. We grow a large variety of vegetables. We also fill in with other locally grown items.

We are going to try something new this year. We will be staying open until 7:00 pm on Thursday and Friday evening. Hopefully this will help with everyone's busy schedules. This new schedule will begin in May. We will also be having special sale prices on certain items during this extended late hour days. Watch our web site for additional details, www.stuckmeyers.com
