– Mark Your Calendars -- Come out and Enjoy Spring

- Saturday, April 14th – 10th Annual Gardening Seminar starting at 1pm
- Friday, April 20th – Stuckmeyer's Vegetable Market Opens.
- Saturday, May 12th - Mother's Day prep – Kids come out and plant the perfect flowerpot for Mom - Free. 10 am to 3:00 pm

Stuckmeyer's Gift Certificates are Available

Gift Certificates are available for that "hard to buy for person" who loves to garden. We also have giftware and a large assortment of potted containers. Stop in and see what is happening at Stuckmeyer's. We have been busy getting things ready for this Spring!

Did We Miss Winter and Spring?

Third warmest winter in Missouri history! Then we started Spring like it was June. Last year we were complaining about how cold a winter and Spring we were having. This is what makes gardening challenging!

A lot of customers really got a jump on their gardens and flower beds this year. But this week might be a challenge, supposed to have frost the next two nights! We have strawberries just about ready to turn, so we

had to cover this evening!

Our greenhouses are starting to fill up more and more each day. Did you know that Stuckmeyer's grows the majority of their flowers and vegetable plants? All the vegetables that Stuckmeyers plant in the fields are the same that are sold in the greenhouse. We strive to have the best plants to grow in our fields and we want our customers to expect the same.

Now on the "Stuckmeyers going green! With the majority of our customers having internet access, we thought we would try to send our newsletters and updates via email. What we would like everyone to do that is interested, to please sign-up on **Stuckmeyers.com** to receive our newsletter via email.

Come out and Join our Gardening Seminar-- "Soil Testing"

This will be our tenth year to hold the Gardening Seminar. This year our guest speaker will be Dean Wilson of the University of Missouri Extension in Hillsboro. Dean will be explaining to home gardeners on soil preparation. Those who want their soil tested should bring dirt dug from various spots in their planting beds or garden. The dirt sample

should be mixed together and 2 cups of the mix sealed in a plastic bag. The cost is \$12 for testing with results returned in about two weeks.

If you have never made it to a seminar, there is always a tip or two that can be picked up. Plus many questions are discussed from those in attendance. The seminar will be held

Saturday, April 14th starting at 1:00 pm. Refreshments, door prizes and discounts will be available during the seminar. Please join us and bring a friend. This should be very informative and enjoyable for everyone that attends!

Back by Popular Demand-- Kid's Day

Dads - bring the kids out on Saturday, May 12th to design and plant a free Mother's Day container for your special someone. All supplies, including the card are furnished by Stuckmeyer's for FREE!

The staff at Stuckmeyer's will be available to assist the kids planting the containers. Last year we had over 750 kids that enjoyed decorating their very own specially designed pot.

This is always a very popular event; hope to see all of you.

A tent will be setup for this special event. Hours for this event are 10:00 am to 3:00 pm.

Our Vegetable Market Opening April 20th...

| Rhubarb | X | X | | | |
| Strawberries | | X | X | | |
| Sweet Corn | | | | X | X |
| Tomatoes | | | | X | X |
| Watermelon | | | | X | X |
| Zucchini | | | X | X | X |

Yes-we are opening the market earlier than usual. It seems, our customers are ready for fresh fruits and vegetables. Coming soon we will have our own lettuce, green onions, radishes, and asparagus. Soon after this our strawberries will be in.

Stuckmeyer's Farm Market is just like having a farmer's market 7 days a week. No need to wait for the weekend to go to the farmer's market. We grow a large variety of vegetables. We also fill in with other locally grown items.

Stuckmeyers is also starting to sell more and more of our locally harvested honey, some of it is actually from our farm.

***Time to start planting
your onion sets/plants,
potatoes, lettuce,
cabbage, broccoli,
cauliflower and sweet
peas.***
